REISSUE APPLICATION DECLARATION BY THE INVENTOR	Docket Number (Optional) 690147.402R1
<p>I hereby declare that:</p> <p>Each inventor's residence and mailing address are stated below next to their name.</p> <p>I believe I am the original inventor or an original joint inventor of the subject matter which is described and claimed in patent number <u>2,594,462</u> granted <u>January 21, 2014</u> and for which a reissue patent is sought on the invention titled <u>QUANTIZATION FOR HYBRID VIDEO CODING</u>.</p> <p>the specification of which</p> <p><input checked="" type="checkbox"/> is attached hereto.</p> <p><input type="checkbox"/> was filed on _____ as reissue application number _____.</p> <p>The above-identified application was made or authorized to be made by me.</p> <p>I hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.</p> <p>I believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)</p> <p><input type="checkbox"/> by reason of a defective specification or drawing.</p> <p><input type="checkbox"/> by reason of the patentee claiming more or less than he had the right to claim in the patent.</p> <p><input checked="" type="checkbox"/> by reason of other errors.</p> <p>At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, a claim that the application seeks to broaden must be identified:</p> <p>The Application Data Sheet (ADS) filed with the application from which the referenced patent was issued indicated that the application was a 371 of international application PCTEP2008052824 and incorrectly indicated that international application PCTEP2008052824 was a "non provisional of" Application No. 11685566 instead of correctly indicating that international application PCTEP2008052824 was a "continuation of" Application No. 11685566. This error was a clerical error, and was a mistake that occurred without deceptive intent.</p>

<p>WARNING:</p> <p>Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.</p>
